

District Alignment Proposal

D91 District Council
May 5th 2018

Alignment - Reminder

‘Once each year, districts must review and amend, if necessary, the alignment of the clubs, areas and divisions within their boundaries. The result is subject to the approval of the district council at its annual meeting between March 15 & June 1.’

Underpinning principles and approach

- To conform with TI Policies and Procedures Protocol 7.0 District Structure
 - Where clubs are operating either out of area or out of division
 - Where areas will exceed the 6 clubs per area rule
 - Where areas have less than 4 clubs and no efforts to charter a club are in process
- To strive as far as possible for balance amongst divisions
- To evolve and consolidate District 91's structure, based on current divisions
- Where appropriate **contingencies** are in place for potential alignment after district Council and before the end of the Toastmaster year June 30th 2018

Alignment – Key steps

Summary

- **Division A** - No new areas, no alignment of clubs between divisions
- **Division B** – No new areas, 1 club alignment due to a relocation
- **Division C** – No new areas, 2 clubs aligned due to relocation
- **Division H** – 1 new area H15, 2 clubs aligned from Division K
- **Division J** – No new areas, no alignment of clubs
- **Division K** – 2 new areas, K12, & K13, several clubs aligned within, into and out of the division
- **Division L** – No new areas, several clubs aligned within, int and out of the division

Conclusion & Recommendation

Conclusion

The approach adopted for District 91 Alignment 2018/2019 has enabled its steady evolution and consolidation. There is, however, a developing imbalance of club numbers between Division B, (16 Clubs), to a lesser extent Division L (21 clubs) and the other Divisions: A (24 clubs), C, (23 clubs), H, (25 clubs), J, (27 clubs), K (26 clubs).

Recommendation

It is recommended, therefore, that the District Alignment Committee for 2019/2020 explores ways as to how Divisions B & L club numbers are more in balance with other divisions – this may include assessing division boundaries.
