## D91 Alignment Proposal

Every year we review and amend if necessary the alignment of the clubs, areas, and divisions within our district boundaries, so that we have the structure and capacity for our district to grow.

### Underpinning principles and approach

To conform with TI Policies and Procedures Protocol 7.0 District Structure, as shown in Appendix 1

To strive as far as possible for balance amongst divisions

To evolve and consolidate District 91's structure, based on current divisions

The key steps in the alignment process are outlined in Appendix 2

The District Alignment Committee is shown in Appendix 3

Where appropriate, **contingencies** are in place for potential alignment after District Council and before the end of the Toastmaster year, June 30<sup>th</sup>, 2018

### Summary

Division A – No new areas, no alignment of clubs between areas

Division B – No new areas, one club alignment due to a relocation

Division C – No new areas, two clubs aligned due to relocation

Division H – 1 new area, H15, two clubs aligned from Division K

Division J – No new areas, no alignment of clubs between areas

Division K – 2 new areas, K12 and K13, several clubs aligned within, into and out of the division

Division L – No new areas, several clubs aligned within, into and out of the division

### Conclusion

The approach adopted for District 91 Alignment 2018/2019 has enabled its steady evolution and consolidation. There is, however, a developing imbalance of club numbers between Division B, (16 Clubs), to a lesser extent Division L (21 clubs) and the other Divisions: A (24 clubs), C, (23 clubs), H, (25 clubs), J, (26 clubs), K (26 clubs).

### Recommendation

It is recommended, therefore, that the District Alignment Committee for 2019/2020 explores ways as to how Divisions B & L club numbers are more in balance with other divisions – this may include assessing division boundaries

## Appendices

### Appendix 1 - Policies & Protocol

Alignment proposals must conform to the following:

District Structure – [Toastmasters Policies and Protocol](#), Protocol 7.0

D. The best interests of the clubs and district are taken into consideration when assigning clubs to areas.

I. Areas consist of four to six clubs; however, an area may consist of three clubs on July 1 only when an effort to charter a fourth club is in process.

II. Under no circumstances may an area have more than six clubs on July 1.

III. Advanced clubs may not be segregated into areas nor may areas be segregated by language.

IV. Districts assign clubs to areas based upon:

- a. Geographic proximity to other clubs
- b. The ability of an area director to effectively provide service
- c. Club size and strength (e.g., paid, active, disbanding)
- d. Prospective clubs and expected growth
- e. The likelihood of eligibility for Distinguished programs (e.g., club base of the area or division)

E. A division must have a minimum of three areas.
