Toastmasters International Policy Guidelines.

An annual review of District Alignment is carried out as per Toastmasters International requirements, stated in Protocol 7.0 District Structure.

Purpose

Alignment is carried out to

1. Serve the best interests of the District and it's clubs
2. To enable Area Directors to serve their clubs effectively.
3. Alignment must be agreed by The District Council, and once submitted cannot be changed until the following annual review.

Guidelines

1. Areas must consist of 4-6 or 3 clubs + an active Pre- Charter club on July 1st
2. No Area may contain more than 6 clubs on July 1st
3. Divisions must have a minimum of 3 Areas
4. Prospective clubs and failing clubs are considered.
5. Clubs are assigned based on

Geographical proximity

Ability of the Area Director to serve the clubs

Club sizes and strength

Eligibility for Distinguished programs.

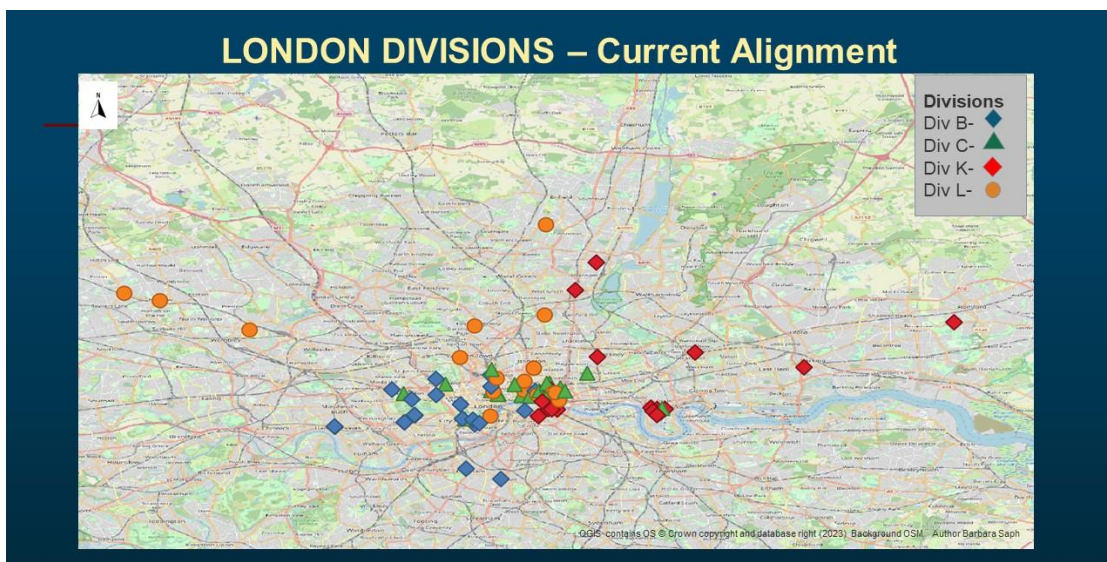

Composition of District 91

District 91 consists of:
8 Division including
4 Divisions within London
with 36 Areas in total

Current D91 Alignment

Current Alignment of London Divisions

2023-24 Alignment Proposal

The proposed alignment plan for 2023-24 is in two sections.

1. Divisions A, D, H, J

- These Divisions have remained stable this year and there is no need for any significant alignment changes this year, with the exception of to aligning NHS Berkshire into A46 to avoid overcrowding D29
- Some clubs have seen a drop in members however there are only 6 clubs that are not in good standing currently, two of these are corporate clubs that have experienced delays in the processing of membership payments, so they are expected to return to good standing shortly.
- There are pre-charter clubs in Divisions A, D and J with Division D experiencing steady ongoing growth that may well need to be addressed in next year's alignment review.

2 Divisions B, C, K, L

- It was decided that this year D91 would undertake a major review of the alignment the London Divisions B C K and L.
- The rationale behind this:
 - A)- Over a period of three or more years a number of new clubs have chartered, clubs have closed down and more especially clubs have changed venues especially this year.
 - B)- Areas and Divisions have lost their distinctive boundaries.
 - C)- Part of the reason for reviewing alignment annually is to ensure that Area Directors can serve their clubs well and as such making Areas more geographically realistic will make this much easier.
 - D)This plan will also address the isolation from fellow Area clubs that can happen when one club is much further away from the main grouping of clubs and may motivate clubs to collaborate and support each other more.
- District alignment is a dynamic process and changes will always happen it is hoped that this plan will give a good strong framework that will support new club growth and support those clubs that are struggling.
