10:36 Approval of District Budget for the 2021/22 Toastmasters Program Year

District Finance Manager Eddy Quah reminded the District Council of the District Mission and the Budget Factors:

- Foreign Exchange
- COVID-19 pandemic
- Declining Membership revenue received 25% membership fees
- Policy and Protocols Section 5, Protocol 8.4
- Online District Contests and Council meetings
- Division and Area Budgets
- Budget Category Allocations

FM Eddy explained that TMI recognised the slow membership growth, and had announced financial flexibility for the District to budget a financial loss of no more than 20% of budgeted revenue.

FM Eddy presented a summary of the District 91 Budget Proposal with a comparison of last year's budget and announced the headlines:

- The membership revenue is £67,041 which is 25.2% less than the previous year.
- All budget allocations fulfil TI parameters
- District has strong financial reserves to manage financial loss
- Total Revenue: £83,041, Total Expenses: £96,108

The following questions were raised on the District 91 Budget:

Emmanuel Karamangi, H15 Area Director:

Q: How much do we have in the reserves?

A: ~£59k left from previous year, as presented by Brad Revell in his report. This is the total amount in reserves.

Florian Bay, President London Victorians:

Q: Why are we budgeting so much on food & meals, especially given that it appears that District Officer Training will be online this year?

A: Meal subsistence is given for officers who undertake a full day online training. We have budgeted for an in-person District Officer training in January 2022, therefore we need to budget for the meal expenses even if the in -person training does not go ahead.

Martin Madden, President St Paul's Speakers:

Q: What's the rationale for the travel budget being only 7% less than previously? Are travel expenses expected to pick up that quickly?

A: TM World HQ has set the budget category % so we must make sure we remain within all the allocated categories. We have also taken into consideration the Division and Area travel, mostly to cover club visits.

Amar Visht, Division B Director and President London Athenians:

Asked to review the Budget and Expenses Slide again

Elaine Watt, President Worcester Speakers

Q: How can clubs support the deficit in funds?

A: The membership revenue is 25% of what is collected at the District Level, so what every club could do to help the District is to drive our membership growth and get as many members as possible to help the District as a whole from that angle.

Richard Honeyman, VP Education Lewes Speakers

Q: Are you happy with 25% less in budget? Is this proportionate worldwide or reflected in what D91 are actually doing or thinking of doing this year?

A: Obviously it has made things very difficult this year making sure that all members are supported in achieving excellence. We have made sure the budget has already been run through the DEC and also passed to Toastmasters International to make sure we are within the parameters that we need to be fiscally responsible.

David Sutcliffe, President Brighton & Hove Speakers:

Q: Given the reduction in membership experienced worldwide, will the lower limit on club membership (of 8 members after renewals) be temporarily be lowered during recovery from the effects of COVID-19?

A: No. This decision would be made at WHQ level and there has not been any announcements on this currently.

Florian Bay, President London Victorians:

Q: Were are the costs of demo boxes for Clubs open-houses and launch meeting budgeted for?

A: Yes

Ramakrishna, President Sustainable Finance Toastmasters:

Q: What are the plans to increase the marketing budget especially as we have more online membership base?

A: Marketing is one of the budget parameters and if needed we can request further funding for marketing from TI. We have currently maxed the marketing budget limitation.

11:40 District Education and Training Committee

Past District Director, Distinguished Toastmaster Vanessa King reported on findings of the Committee in response to the motion from May 2021 'D91 Training Policy to be reviewed and updated'.

Vanessa confirmed that Districts are unable to write their own policy. The Committee still took into account member considerations. The proposer raised two points; duration and scheduling.

Duration

Vanessa informed the Council that she had sought guidance from Toastmasters International on the 5 hour guidelines as set out by Toastmasters. The response received "a minimum of 5 hours is required to deliver the curriculum as outlined, and should not be interpreted as 5 hours being the minimum number of hours needed for an officer to be trained.

Vanessa said that we can spend as much time as it takes to cover the curriculum; it is important that the training covers the curriculum.

Scheduling

1st June – 31st August

1st November – 28th February

Vanessa pointed out that Districts cannot write policy but are permitted to create best practices.

Three Recommendations:

- 1. Districts can create requirements to achieve credit and best practices
- 2. Dates for training are posted as far in advance as possible but Club Officers must be proactive in finding dates.
- 3. Club (COT) or (TLI) must follow Toastmasters curriculum, but meet the needs of officers and time constraints of facilitators.

The full report will be provided to DEC members to review the recommendations. Vanessa confirmed that D91 has been among the top Districts in the world for Distinguished Club which must be recognised.

11:46 New Business - Motion

No advanced motions were received by the deadline 1st September and no further motions were raised on the day.

11:47 | Any Other Business for the District Council

No other business was raised by members.

DD Helena asked AM Emily to explain the process of voting. Emily explained the process of using the Zoom poll to vote:

- 1. Eligible voters are matched against their Toastmasters membership number and their registered email address.
- 2. The results of the poll are downloaded and matched against the pre-prepared list of eligible voters.
- 3. Voters with multiple roles will have their vote counted multiple times.

Emily shared questions raised by the Credentials Committee on the voting system:

Q1. What happens if someone uses neither their TM member ID and TMI registered email?

A1. This system works on a two-factor verification, used to match the Council member – at least one must be used at registration of Toastmasters member ID and TM registered email address. For this vote if someone has used neither then their vote will not be counted.

For the next meeting our plans are to create a validation at the point of registration that will not allow members to do this.

Q2. What happens if you register twice or log in on multiple devices?

A2. If any member registers twice or logs in on two devices only one vote will be valid – the system will accept only the first vote cast.

Q3. What happens when someone without a vote uses the Zoom poll?

A3. Zoom will allow anyone in this meeting to cast their vote on Zoom (if they are not the host/co-host), but their vote will not be accepted or included in the final results.

For the May Council meeting, in line with previous years online meetings, the District Council voting members will be given one link, and all other members will join on a different link.

Therefore, there will only be voting members in the room.
