Prepared for District Executive Committee approval following an amendment resulting from meeting on 13/04/24

Composition of the District Alignment Committee

The Chair, Barbara Saph

The Club Growth Director Mo Dawodu

Division Directors: Andrea Righi, Luca Grazini, Erika Oteri, Russell Searle, Guler Cortis, Andy Hessey, Nick Rowland, Sean Dean

Overview from the District Director, Diane Richardson

The purpose of the District Alignment Committee

Is to each year review and amend, where needed the alignment of clubs areas and divisions within the District as per Toastmasters International Governing Documents -Policy and Protocols- Protocol 7- District Structure section 1 Club Assignments for the following year to ensure that:

- **All Divisions must have at least 3 Areas**
- **All Areas must have between 4 - 6 clubs on 1st July each year**

The data:

We use data is from Toastmasters International, find a club data base, DCP Dashboard, (data provided by clubs), prospective clubs and new clubs lists in Daily reports.

Alignment considerations include:

- Interests of Clubs and the District
Ability to participate in Distinguished Club Program
- Impact on the Area Director (geographic distance and ease of travel)
- Growth of clubs or loss of clubs
- Prospective clubs (Pre-Charter clubs)
- Areas must not be intentionally aligned by club type
- Clubs not in good standing with less than 8 members renewed are still considered.

Report Dated April 17th

District 91 is likely to lose 7 clubs from April 1st 2024 although as of today's date they are still shown on the TM Dashboard and we have 9 Pre-charter clubs

D53-KBR Toastmasters
- Division K

The Strategy in this report is to set the stage for continued growth within the District and is focussed mainly on Division A:

- Changing the alignment of A17 and A46 to change to the dynamics of A17
- The dividing of A62 in Division A due to the continuing difficulty for an Area Director to manage such a geographically large area by creating a new area in the South West A19
