What experience do you have in the area of finance?

I have an understanding of financial fundamentals to plan, execute and monitor finances in a professional setting. EG: Budgeting, forecasting, cost allocation, financial analysis, cash flow mgmt, reporting.

What experience do you have in developing procedures?

Both my education (MSc) and work experience focused on learning how to effectively improve opera tions and therefore how to create a set of steps to help teams or individuals complete tasks in a cons istent, efficient and effective way.

What lessons did you learn from previous leadership positions?

I've realised I need to become better at delegation and this is my current focus for self improvement. Furthermore, I've noticed that it's important to understand how people want to be treated and I theref ore plan to get better at identifying people strengths and needs.

Why do you want to serve as a District leader?

I am passionate about Toastmasters and I've enjoyed empowering fellow Toastmasters and seeing how I can make a positive impact in their life and help them thrive. Serving as a District Leader will al low me to continue to work on bettering myself, giving back to an organisation that fuelled my growth and make a difference on a greater scale.

In your opinion, what are the District mission's major objectives and how would you work to achieve them?

I believe our mission focuses on growing the number of the members whilst fostering a supportive environment for existing clubs and members. We achieve this by promoting member development; encouraging participation in leadership roles and skill improvement; providing robust training; supporting club leaders; organizing well run (and fun!) division-wide events; and promoting a culture of integrity, openness and positive feedback/mentorship across all clubs. I have a positive record in performing all these activities at a Club level and Area level and I am also chartering a new TM Club in the organisation I work for. Because of this, I believe I am very well position ed for this new chapter as Division Director.

Additional information about yourself:

Outside of my professional life and Toastmasters, I am heavily involved in volunteering with the Project Management Inst itute and supporting worthy causes. I am a keen hiker, runner and cyclist. I have always been passionate about sports ta king in part in a wide range of team and individual sports, such as athletics, skating and volleyball (including being a refer ee). And plants.. I love them! And, since I love a challenge, orchids are my favourite plants to grow.
